Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Wednesday 09 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Becoming cloudy later, with sunny spells and some isolated showers.

Today:
A dry, bright morning, before turning cloudier through the afternoon. Still plenty of sunny spells and staying largely dry, though some isolated showers develop later in northern and central areas. Feeling warm throughout. Maximum temperature 25 deg C (77 deg F).

Tonight:
This evening, any remaining showers will soon clear. Patchy cloud and some clear spells overnight, but some mistiness developing by dawn. Remaining dry and staying quite warm for most. Minimum temperature 14 deg C (57 deg F).

Thursday:
A cloudier day than recently, with a mixture of sunny spells and occasional showers. Plenty of prolonged dry spells across the region. Breezier but feeling warm. Maximum temperature 25 deg C (77 deg F).

Outlook for Friday to Sunday:
Sunny spells developing on Friday after a grey start in places. Dry throughout with bright, sunny skies on Saturday and Sunday. Feeling very warm.
